

Quick Guide for Customizing the Game

How to Change the game's appearance:

- 1- Open the File Named "Volleymal_130612_1700_texture_0.png" in the "html5game" Folder, With an Image Editor like Photoshop.
- 2- Replace Each Part of This Image With Your Favorite Picture to Change the Game's Appearance.
- 3- Save the Image With the Same Name & Then You Have Made Your Own Game!

*** You Can Also Use the Layered .PSD File in the "html5game" Folder

How to Change Music & Sound Effects:

1. Go to "html5game" Folder (All Sounds and Music Are in This Folder).
2. Now You Just Need to Replace the Default Music and Sound Effects With the Ones that You Like.
